Work Place: Stavanger, Bergen or Oslo, Norway

About the company: Our client, Envision AS, was founded in 2003 and delivers consultancy services, training, data management and software solutions to the upstream oil and gas industry. Envision consists of a group of companies - all specialists within their fields, united by a strong sense of professionalism. Our success depends on the quality of our employees and we have assembled a highly motivated team with the valuable combination of long experience, creativity and innovation. We provide independent thinking and fresh ideas in order to exceed our customers' expectations. We are a Norwegian company, based in Stavanger, but with staff also working in Oslo, Bergen, Trondheim, Copenhagen and Houston.

Information about the position: We are looking for a candidate with a minimum of 5 years experience in seismic interpretation in exploration or production within a leading oil company, with the following skills: 2D/3D seismic interpretation, prospect analysis, volume visualization, optimal well planning

Wages: Up to NOK 90 000 (App € 11 500) gross pr. month, depending on qualifications and experience + holiday compensation.

Housing/ Family: The employer will assist in finding housing and if you bring your family.

Work Regulations: Fulltime, permanent position.

Last application date: 29.02.2012

Start date: ASAP

Application: Send short application and CV pr. E-mail to Geir Lund in Gray Select AS at geir.lund@gray-select.no or contact him on mobile at +47 901 49 762. Diplomas and other papers must be brought if interview.
