Contact Person: Mr. Geir Lund, Phone: +47 901 49 762

Work Place: Stavanger, Bergen or Oslo, Norway

About the company: Our client, Envision AS, was founded in 2003 and delivers consultancy services, training, data management and software solutions to the upstream oil and gas industry. Envision consists of a group of companies - all specialists within their fields, united by a strong sense of professionalism. Our success depends on the quality of our employees and we have assembled a highly motivated team with the valuable combination of long experience, creativity and innovation. We provide independent thinking and fresh ideas in order to exceed our customers' expectations. We are a Norwegian company, based in Stavanger, but with staff also working in Oslo, Bergen, Trondheim, Copenhagen and Houston.

Information about the position: The candidate will lead interpretation projects, and be a mentor in relation to advanced interpretation for the customer. We are looking for an experienced 3D seismic interpreter, who can identify prospects and leads for oil companies, and with the following skills: Profound knowledge of Geology and Geophysics. In-depth knowledge of best practises for 3D interpretation. Prospect evaluation. Seismic lithological and fluid prediction. Map generation and depth conversion. Competency in the use of 3D interpretation systems such as GeoProbe, VoxelGeo, Petrel Seismic and GeoViz

Wages: Up to NOK 90 000 (App € 11 500) gross pr. month, depending on qualifications and experience + holiday compensation.

Housing/ Family: The employer will assist in finding housing and if you bring your family.

Work Regulations: Fulltime, permanent position.

Last application date: 29.02.2012

Start date: ASAP

Application: Send short application and CV pr. E-mail to Geir Lund in Gray Select AS at geir.lund@gray-select.no or contact him on mobile at +47 901 49 762. Diplomas and other papers must be brought if interview.
